**Status:** Full-time, exempt  
**Start Date:** August 25, 2023

### **About Woodstock Day School**

Founded in 1973, Woodstock Day School (WDS) is a progressive, independent school set on a 40-acre campus in New York's Hudson Valley. Located midway between the towns of Woodstock and Saugerties and roughly two hours north of Manhattan, WDS is a board-certified member of the New York State Association of Independent Schools and offers a unique and inclusive educational experience to approximately 200 students from nursery school through grade twelve.

WDS believes that there is no such thing as an "average" student, and our combination of purposefully small class sizes, intensely committed faculty and a culture of individual respect empowers our students to aim high, shape and achieve their personal goals, and prepares them to make a positive difference in a complex world. Added to the program in 2003, our middle and upper schools offer outstanding programs for grades 6-12, helping students discover their passions, achieve academic and personal excellence and demonstrate a commitment to service. WDS actively seeks to build a diverse community of educators.

### **Summary**

WDS seeks a Mathematics Teacher to lead students in their exploration of mathematical concepts and development of procedural skills and fluency through engaging application problems. Students are encouraged to apply their knowledge of the content to real-world and mathematical problems, and develop the habits of mind of mathematicians.

Ideal candidates embrace a range of pedagogical approaches, are excited about

teaching in a progressive community and have demonstrated a commitment to addressing issues of diversity, equity, and inclusion within and outside the classroom.
