

**Title:** Mathematics Teacher, Upper School  
**Reports To:** Director of Education and Learning  
**Status:** Full-time, exempt  
**Start Date:** January 2022

### **About Woodstock Day School**

Founded in 1973, Woodstock Day School (WDS) is a progressive, independent school set on a 40-acre campus in New York's Hudson Valley. Located midway between the towns of Woodstock and Saugerties and roughly two hours north of Manhattan, WDS is a board-certified member of the New York State Association of Independent Schools and offers a unique and inclusive educational experience to approximately 200 students from nursery school through grade twelve.

WDS believes that there is no such thing as an "average" student, and our combination of purposefully small class sizes, intensely committed faculty and a culture of individual respect empowers our students to aim high, shape and achieve their personal goals, and prepares them to make a positive difference in a complex world. Added to the program in 2003, our middle and upper schools offer outstanding programs for grades 6-12, helping students discover their passions, achieve academic and personal excellence and demonstrate a commitment to service. WDS actively seeks to build a diverse community of educators.

### **Summary**

WDS seeks a Mathematics Teacher to lead students in their exploration of mathematical concepts and development of procedural skills and fluency through engaging application problems. Students are encouraged to apply their knowledge of the content to real-world and mathematical problems, and develop the habits of mind of mathematicians.

Ideal candidates embrace a range of pedagogical approaches, are excited about teaching in a progressive community and have demonstrated a commitment to addressing issues of diversity, equity, and inclusion within and outside the classroom.

## Key Responsibilities

- Teach a minimum four course load in both Middle (6-8) and Upper (9-12) school divisions. These classes may include but are not limited to pre-algebra, algebra, geometry, trigonometry, statistics and probability, and pre-calculus.
- Participation in school-wide events and have other duties and responsibilities assigned as needed.
- Meet with students on an individual basis.
- Attend weekly faculty meetings.
- Prepare and present at curriculum nights.
- Serve as an advisor for a small group of students in grades 6-12.

## Qualifications

- Undergraduate degree in Mathematics. A graduate degree is preferred.
- Minimum of three years of teaching experience at the secondary level.
- Experience in diversity, social justice and equity curriculum work

## How to Apply

To apply, please submit a letter of interest, explaining why you would succeed in this position, resume, three references and salary requirements as attachments, via e-mail to [careers@woodstockdayschool.org](mailto:careers@woodstockdayschool.org), Please include Mathematics Teacher in the subject line.

*Employees are required to follow all COVID-19 protocols for K-12 schools as determined by NYS and any additional protocols as set forth by the school administration, including a requirement that all staff and faculty be vaccinated for COVID-19.*
